

I have swam competitively for 11 years and have swum on PVS teams for the last 10 years. I was a member of the MAKO and Curl Burke swim clubs and am currently a member of the Machine Aquatics swim club. Along with swimming on my high school team, I am also play high school lacrosse and youth league basketball. I am a sophomore at Westfield High School where I am a member of the Student Government Association and Interact Club. I would be a good candidate because I have learned what you need to do as athlete representative from my brother, CJ, a current representative who graduates this year. I am an experienced leader who will represent PVS athletes well. As a representative, I will listen to the athletes and do my best to be their voice in PVS board decisions.
