PVS Teams - NCAP is excited to host this year's Short Course Junior and Senior Champs meets at the University of Maryland's Epley Recreation Center, March 8-11, 2018. In an attempt to fill the timer slots we are asking that teams be responsible for the number of timers per the table shown. The clubs can choose their lanes and shift times and distribute them as they see fit, all we ask is that they guarantee the number of volunteers as listed for timing for the entire prelim session. Please use the Sign-Up Genius link on the PVS website. This is our first try at this, and the required number's were developed off of last year's entry numbers in an attempt to have a plan in place. We will work to continuously improve the plan.
