

## **SNOW Swimming Coach**

**SNOW Swimming**, Loudon County's (northern VA) premier year round swim club, is looking for a full time coach to run our Senior Silver groups at our main training site ( Claude Moore Recreation Center), in Sterling, VA. This is an outstanding opportunity for an experienced & enthusiastic coach to come work with a Bronze Medal club as we celebrate our 20<sup>th</sup> anniversary!

As the lead coach for our second-highest training group, you'll be writing & running all Senior Silver workouts (both morning and afternoon groups), as well as dryland workouts for those groups. There are two additional training groups you'll be responsible for running as well, both groups comprised of age groupers, both groups in the afternoons. Administrative duties include: completing meet entries for your athletes, regular communication with the athletes & their families via email (including a weekly update to each group), as well as an occasional meeting with each group- usually at the beginning of each season. You'll also be expected to attend our weekly coaches meeting on Tuesday Mornings. Salary is dependent on experience. It's important to note that there is no Board at SNOW.

SNOW has experienced a phenomenal resurgence in the last few years, led by our Head Coach, Jim Rumbaugh. We had 30 Sectional qualifiers last Spring, placed 2<sup>nd</sup> Overall at the ISCA Summer Senior Championship Meet in St. Petersburg last August, and sent 9 athletes down to USA Junior Nationals in December. And, to kick off 2018, we were awarded Bronze Medal status by USA Swimming- what a way to celebrate our 20<sup>th</sup> anniversary!

Loudon County is a thriving, vibrant suburb of Washington, DC with world class shopping, dining, entertainment & parks, as well as some of the best public schools in the country. All the museums and attractions of our nation's Capitol are just a 40 minute car ride away, and Dulles Airport is just ten minutes south of our main training site. Additionally, the Metro Silver Line extension into Loudon County is scheduled to be completed in early 2019. All these attributes contribute to the high quality of life Loudon County residents enjoy year round.
