

## Bio for Dave DiNardo - July, 2020

I have been a Member of PVS for over 20 years. I got involved as an Official when my youngest daughter became a PVS Swimmer, and have continued to be active ever since. I am completing my second term on the Board, having served as Strategic Planning Chair from 2016 until the position was eliminated as a part of our Bylaws revision. I also served an unexpired term as Operations Vice Chair when the Vice Chair moved away from the area. I have been a Member of the Officials Committee since 2008 and will be leaving that Committee at the end of August. Over the past few years, I have become more involved with USA Swimming on a National basis, having worked several of the Championship Meets throughout the Country. Over the past four years, I have been responsible for managing PVS's LEAP Submissions, as well as coordinating Strategic Planning and Board Governance Workshops for the Board that were facilitated by USA Swimming. I am confident that my professional background of over 35 years in Commercial Real Estate, as well as my experience in PVS and USA Swimming will continue to be an asset to the organization.
