## **Age Group Chair- End of Year Report for HOD**

### **PVS Championship Meets:**

The past year has seen a more regular competition schedule for PVS, and those competitions have more closely resembled our pre-Pandemic meets.

Looking at the past year's Championship Meets, the 2021 LCM Age Group Champs (hosted by NCAP @ Freedom Center) and the 2022 JO's (hosted by Machine @ UMD) were both full 3.5 day meets that were well attended. For JO's this past March, UMD allowed spectators into the facility, much to the delight of the parents. It should be noted that coaches and Meet Directors agree that filling the Volunteer Positions on deck (timers, marshalls, etc...) is much easier when there are no spectators allowed into the venue.

For the upcoming LCM season, PVS will host three Championship Meets (an Open Championship, 12&U Championship and a 13&O Champs); the 12&U Champs will be held at Claude Moore on July 14-17. Qualifying times for that meet should be published prior to the Spring Competition Committee Meeting (Tuesday, May 17).

### **PVS Zone Coaches:**

PVS will elect coaches for the LC Age Group Zone Meet (August 3-6) at our Spring Competition Committee Meeting ("CCM") on Tuesday, May 17. The Head Coach, Ass't Head Coach and Ass't Coaches will all be elected at that time. Any PVS coach interested in getting on that ballot should contact Erik Collins (PVS AG Chairperson) at [erikcollins19@gmail.com](mailto:erikcollins19@gmail.com)

It's important to note that the Eastern Zone does not yet have a host for this Summer's LCM Age Group Zone Championship Meet. The next EZ meeting is May 6-7, hopefully at that time a host club is named. If any PVS club would like to host this year's meet (scheduled for August 3-6), please contact either the PVS Age Group Chair ([erikcollins19@gmail.com](mailto:erikcollins19@gmail.com)) or the PVS General Chair, Tim Husson ([tim.husson@gmail.com](mailto:tim.husson@gmail.com)) prior to the EZ Meeting on May 6.

*Thanks to all the PVS clubs, coaches & volunteers who help make our meets possible throughout the year. Potomac Valley Swimming has worked hard to maintain a rather stable number of meets throughout the pandemic, and a high level of competition for our athletes- which is only possible when everybody works together. Thanks to everybody for your continued efforts on behalf of our student-athletes!*

Erik Collins (MAKOS)
