

Officials Report: Boots Hall
November 8, 2008
BoD Meeting

Several Stroke and Turn clinics were held since the last Board meeting. At Madeira, 13 people attended (7 of them new); at Loudoun, 12 people attended (10 of them new); at Olney, I believe the attendance numbers were 21 with at least 18 of them were new. Tim Husson also trained over 30 Hy-Tek and Colorado people last month. Nearly all of them were new.

A lot of trainees worked at various positions this past weekend.

I have not heard from Jim VanErden as to a date or place for the next Officials Committee Meeting.
