

## Officials Representative's Report

June 9, 2014

- Chase starts were used for the first time in PVS at the Virginia State LC Championship meet at Oak Marr on May 23-25. The procedure worked very well and it was readily adapted and supported by the swimmers, coaches and officials. The Admin Ref and Meet Ref, Jim Thompson and John Kost, co-authored a detailed analysis of the utilization of chase starts at that meet and recommendations and considerations for future use.

Respectfully submitted,

Mike Rubin
